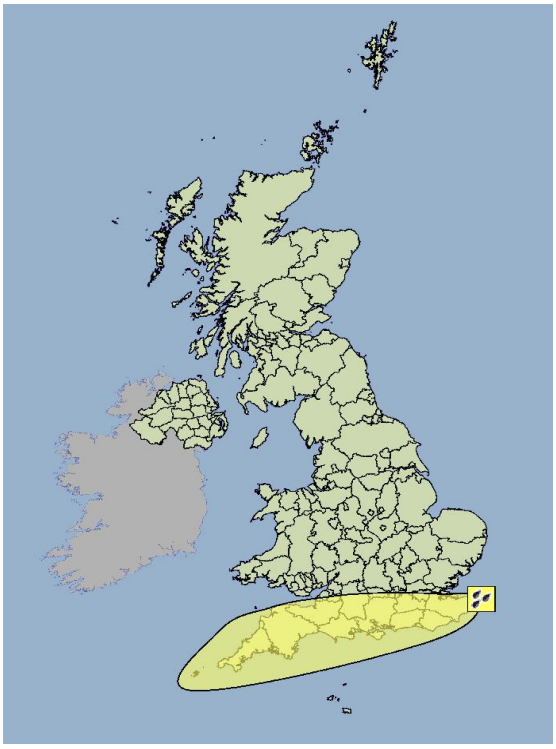
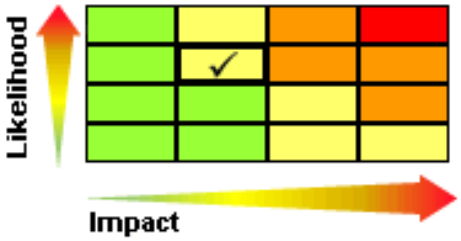
# National Severe Weather Warning Service





**Chief Forecasters Assessment**
Rain has turned heavy across parts of southwest England with rainfall totals of 10-20 mm within an hour over more southern parts of Devon. Although not everywhere in the warning area will see these rainfall rates, a few places could receive 15-20 mm of rain within an hour and as much as 30-40 mm in 3 hours.

The Met Office have issued a **Yellow Warning** of **Rain**

Valid from **15:00 on Sat, 03rd Sep 2016** until **21:00 on Sat, 03rd Sep 2016**

Rain, heavy at times, now affecting parts of Devon and Cornwall will move east through the rest of the afternoon, with further outbreaks of heavy rain possible during the the evening.

Please be aware of the risk of localised surface water flooding and disruption to transport, particularly where the heavy rain occurs over urban areas.
